DON'T VOTE FOR A NAZI

In the 1930's and 40's Hitler's Nazi regime were responsible for the greatest atrocity in History. The Nazi holocaust claimed the lives of six million Jews and many others who opposed their regime.

Fifty years later the Nazis are on the rise across Europe. In Italy there are now five fascist ministers in the new government. In Russia the Nazi fanatic, Zhirinovsky gained 24% of the national vote.

Wherever the Nazis are organized racist violence follows. In Germany last year neo-nazis fire -bombed a Turkish refugee hostel killing a family of five.

Two Nazi thugs were recently convicted by the German courts of pouring petrol over a Jewish man, setting him alight and killing him while shouting "remember the holocaust". In London after the election of BNP candidate Derek Beacon in the Isle of Dogs racist attacks increased by 300%

Here in Ireland, although the Nazis are small, they are trying to get organized.

Michael Mc Grath who is running in the forthcoming local election, is one such Nazi.

The Facts:

■ In 1990 Mc Grath tried to register the National Socialist Party (NSP) with the Dail. National Socialism was the doctrine of Hitler's Nazis.

■ In an interview with the *Kilkenny People* in 1990 Mc Grath referred to Terry Dempster as the NSP's organizing secretary.

Dempster, leader of the National Socialist Alliance, is on record in the national press as stating that his mission is to "spread the gospel of Hitler to nearly every country in the world".

■ In an interview with *New Hibernia* Magazine in 1986 Mc Grath admitted to fully supporting the aims of the National Socialist Irish Workers Party (NSIWP). The NSIWP was responsible for attacks on the property of members of the Jewish community in 1986. They were also responsible for printing and distributing Nazi literature, such as stickers saying "Hitler is the Future."

■ In the same interview Mc Grath repeated the racist and fascist lies that were used by Hitler's Nazis to justify the holocaust.

He said, "We would repatriate all the non-white doctors back to their own countries ... As white people we are opposed to mixed marriages."

He talked of a "Jewish problem here in Ireland" because there are three Jewish TD's. He claims as did Hitler that Jews "are infiltrating all the parties." He stated that his party's aim was "to smash Zionism to its very core."

He said, "We simply would not tolerate any manifestation of homosexuality." As with Jews, Hitler sent all gay people to the death camps.

The NSP's manifesto stated that it stood for "one Celtic National Socialist state. The supremacy of the white Celtic race. A strong commander of state." Again this is a direct echo of Hitler's slogan - "One people, one Germany, one leader."

Michael Mc Grath is not just an eccentric. He is a Nazi. He is running in this election as an independent because he knows he would not be elected if he came out openly as a Nazi candidate. If elected however he will use his position to further the aims of the Nazis in this country.

In his election literature Mc Grath is concentrating on local issues and making wild promises, but people should not be fooled.

Wherever the Nazis have come to power they did not simply attack minorities, rather they used anti semitism and racism to take away all democratic rights. Hitler banned trade unions, all other political parties, opposition newspapers and closed down libraries. The Nazis even banned "foreign" pop music and the boy scouts.

Ireland is the only country in Europe where the Nazis have so far failed to build a serious base of support. We would all lose out if they did.

Keep Ireland Nazi free. Don't vote for Michael Mc Grath.
